Landscaping Technician

WE'RE HIRING — COME GROW WITH US!

Lawn & Beyond Organic Landscaping · 40 Holborn St. Boston, Massachusetts, 02124

About the Role

Lawn & Beyond Organic Landscaping is looking for Landscaping Technicians to join our growing team! We want good people who take pride in their work, show up for their team, aren't afraid to get their hands dirty, and want the opportunity to build something with us.

As a Landscaping Technician, you'll spend your days outside keeping our clients' lawns and landscapes healthy and looking their best — mowing, trimming, planting, mulching, and everything in between. You'll work as part of a crew, learn the trade hands-on, and take real ownership of the properties you care for.

No landscaping experience? That's okay! If you have the right attitude, a strong work ethic, and a willingness to learn, we're willing to teach you.

What You'll Be Doing

- Mowing, edging, trimming, and blowing to keep lawns sharp week after week
- Pruning shrubs and small trees, weeding beds, and cleaning up debris
- Spreading mulch, compost, and organic soil amendments
- Planting trees, shrubs, annuals, and perennials
- Spring and fall cleanups, leaf removal, and seasonal property prep
- Installing and maintaining beds, borders, and simple hardscape features
- Loading, unloading, and caring for tools, equipment, and the truck and trailer
- Following our organic practices — no shortcuts, no harsh chemicals
- Communicating respectfully with clients and leaving every property better than you found it

What We're Looking For

- A dependable person who shows up on time, ready to work
- Pride in doing the job right, even when nobody's watching
- A team player who looks out for the crew
- Willingness to learn and take direction — and to speak up with ideas
- Comfortable working outdoors in heat, cold, and everything in between
- Must be at least 18 years old and legally authorized to work in the U.S.

The Physical Side of the Job

This is real outdoor work, and we want to be upfront about it. In this role you can expect to:

- Be on your feet and active for most of the workday
- Lift and carry up to 50 pounds regularly
- Bend, kneel, squat, reach, and climb throughout the day
- Work outside in varying weather, including heat, humidity, cold, and light rain
- Safely operate handheld and walk-behind power equipment after training
