

# Coronavirus is here, and we need your help.

In response to the urgent and increased health care needs of American's impacted by the COVID-19 pandemic, CVS Health is accelerating a plan to fill more than 32,000 open full-time and part-time positions across the country.

We have a significant demand for pharmacy and clinical professionals across the company, including: Pharmacists; Pharmacist Technicians; Registered Nurses; Nurse Practitioners; LVN/LPN/Medical Assistants; Customer Service, prescription delivery drivers and warehouse distribution professionals.

Through a technology-enabled hiring process that includes virtual job fairs, virtual interviews and virtual job tryouts, we are expediting the hiring process to onboard new colleagues as quickly as possible.
