

Join JVS MassHire Downtown Boston and many of the region's top Assisted Living Center employers for a virtual job fair spanning two days in October. Learn about these leading assisted living organizations, their open positions, how they are managing during the COVID-19 situation, and how to apply. And just like in an in-person job fair, afterwards, you will be able to submit your resume only to the employers that interest you. Do not miss out on this wonderful opportunity!

HOW IT WORKS

- 1) Visit the job fair link to learn about resources to help you prepare for the virtual job fair.
- 2) Different employers present on each day. Attend one webinar or both to learn about the employers participating and to ask any questions you may have. Or watch the recordings at a time that suits you.
- 3) Submit your resume to the employers you choose via an online form starting on October 8. Your resume will be shared with those employers on October 13.
- 4) Check your email and voice messages regularly as employers reach out to interview you by phone or video.

The employers participating in the Boston Virtual Assisted Living Job Fair on October 7 and 8 have indicated a few high priority hiring needs. That does not mean that they are focusing **ONLY** on these roles - **JUST** that they need to hire for these roles immediately. To learn about all of their hiring needs, we strongly encourage attending the webinars.

Wednesday, Oct 7, @ 10 - 11:30 am
