Our programs consist of housing development and preservation, resident services and workforce development, and community planning and organizing. We own and oversee ten properties and ensure that over 650 residents have safe and affordable homes. Through civic engagement, we work with program partners and elected-leaders to improve the City's housing policy to create more funds for affordable housing, prevent at-risk residents from eviction, and develop new supply of housing to meet the needs of low- and moderate-income residents. Through Resident Services and Workforce Development Programs, we connect residents to services relating to housing, public benefits, education, skills training, jobs, food access programs, financial coaching, wellness programs, and community events. Our annual Fenway Porchfest music festival, Halloween gathering, and Fensgiving celebration enrich the lives of community residents. We ensure that our programs and services are equitable and inclusive.
