WHY WORK HERE?

1. The barbershop is opening in Uptown Randolph on a busy street with heavy foot traffic and excess parking
2. The barbershop is in the perfect location to maintain a big clientele
3. Most High Fades & Beauty is not just a regular barbershop, it is a longue experience
4. We will serve finger foods and nonalcoholic beverages at the barbershop. Guests will regularly congregate there to watch sports games and award shows, because the more time people spend in the barbershop, the more often they will get haircuts.
5. Annual barbering service subscriptions will be sold to retain long-term clients
6. There will be a separate entrance section for women's beauty services like hairdressing, hair-braiding, aesthetician work, and makeup. This organically generates more referrals as many women will recommend the barbershop to their male friends and family.
